Interesting urban plots located at the entrance of Cala Rajada, a few minutes walk from the famous Son Moll beach. The land is located in a central and busy area, which makes it an excellent opportunity for various investment projects. . . The plots are on the corner, which provides clear views and the possibility of obtaining a partial view of the sea once the building is built. The land is semi-enclosed by a brick wall and grid, providing a clear delimitation of the area. Although the land does not currently have water or electricity, connections are available at street level, facilitating the installation of these services. . . The...(Ask for More Details!)
